THE REJUVENATION OF AUNT HARRY A. ORT FOR CHIEF OF POLICE

The Seniors of 1917 will give this celebrated repast play in the auditorium, Friday night, May 25. Miss Harry A. Ort as a candidate for Chief of Police of this city subject to the last year's senior play bids fair to excel her former splendid work in the production of this three act comedy. The play is to be elaborately staged and will hold the interest of the audience from start to finish. Mary Boyd Tulley plays the part of Aunt Mary. The other characters of the play are impersonated by Margaret Downing, Bess Lindsay Bell, Edith Grimes, Norman Bowman, Harold Caplinger, Stephen Owens, Plerce Browning, Stanley Parker and Howell Richardson.

Tires that did not require setting in thirty years—on a Studebaker

WHEELS are the life of a wagon. Hubs, spokes, felloes and tires of the best materials, put together by skilled workmen, go into every Studebaker.

What is the result? Mr. William H. Horton, of Nineveh, N. Y., writes that the tires on his thirty-six year old Studebaker farm wagon did not need resetting in thirty years—and the wagon was in use every day.

We can prove to you that this is not an exceptional Studebaker wagon. There are thousands of Studebaker wagons in use today that are forty years old and more. And that have cost their owners little or nothing for repairs.

Come in and look over our stock of Studebaker vehicles. Let us show you how well they are built.

OFFICIAL OPENING

Of the Sanitary Survey of Mason County Made Yesterday Afternoon Before a Large Audience in the Washington Opera House.

Yesterday marked one of the greatest days ever known in Mason county, the opening of the greatest drive against the enemies of health and welfare, the Sanitary Survey. Although greatly disappointed over the failure of the governor of the State, His Excellency A. O. Stanley, to arrive in Maysville in order to speak, nevertheless a large crowd was present to hear the other speakers of the afternoon, and without doubt, all well pleased the audience.

The audience was a representative one, people coming from all parts of the county to learn of the Sanitary Survey and its workings. Their minds were satisfied as to this respect for clear explanations were given by the various speakers.

Immediately preceding the exercises at the Opera House, the Red Cross Workers gave a demonstration on the streets. The big parade, which had been planned, was called off on account of the uncertainty of the governor's visit. Nevertheless, a smaller demonstration was made than at first planned. The following was the order of the line of march:

Old Glory carried by Chief of Police Mackey.

Police.

Twenty-four Red Cross Workers. Automobiles containing members of the Mason County Health League, Woman's Club, Fiscal Court, City Officials, etc.

The young ladies dressed as Red Cross Nurses attracted much attention by their appearance and many favorable remarks were heard concerning them.

The meeting at the Opera House was preceded by several musical selections by Mr. and Mrs. Clarence Boyer. Promptly at 2:20 o'clock the program was opened with an invocation by the Rev. Dr. John Barbour.

The meeting was presided over by the Hon. J. W. Lee, Mayor of the city, who held the chairmanship with an ease and grace that is characteristic of him.

Dr. J. N. McCormack, State Sanitary Inspector, addressed the audience telling it that he had just been talking to Governor Stanley, who said that his plans to be in Maysville were frustrated by being compelled to work on plans for Registration Day but that he sent his love and affection and regret to all present and that he hoped to be present in Maysville some time during the Sanitary Survey to see for himself what was being done.

Dr. L. L. Lumsden, Surgeon General of the United States Public Health Service, was the first speaker of the afternoon. He said that he felt highly honored to be present at the opening of the Sanitary Survey of Mason county. He said that Mason county was one of nineteen out of the 3000 in the United States to engage with the Public Health Service and the State Board of Health in carrying out an intensive plan of sanitation work, but being the first county in the United States to show with a substantial evidence of their appreciation of the Health work in the "hard coin of the realm." He said that the main purpose of the campaign was to make good health contagious and urged that this be the slogan of the survey, "Make Good Health Contagious."

The speaker then gave a history of the sanitation movement in this country, particularly in the rural districts, where, he said, little progress was being made. He asked "What investment could be better than a plan to increase our healthfulness?" He stated that there were only three things to live for, three meals a day, a bed to sleep in and thrills. "The latter," he said, "raise us above the beasts of the field and draw us closer to the throne of God, being the only thing to live for."

He then talked of the prospects of success of the work in Mason county and expressing his belief that the Survey would be a success, but not only a success, but how big a success. He urged that everyone get the idea of a sanitary score for Mason county of 100 per cent, saying that many counties could not show a close scrutiny of 70 per cent sanitation.

He then explained the sanitary survey. He said that the purpose of the doctors present was not to go into the homes to peep under the beds or in the closets to spy out every particle of dust, but to consult with the inmates of the home concerning water supply, waste disposal, the milk supply, and other vital matters. He said that one of the most fool theories ever given to the human race was "what you don't know won't hurt you." He then talked at some length concerning flies. He gave the fly ages among people: First

when they were tolerated, second when they were shooed, third the screening and the one generally used at present of swatting. He said that the only way to get a flyless age was to get rid of the breeding places as soon as possible.

He defined sanitation as a common sense application of the principles of cleanliness but later said that it was getting things clean and keeping them clean. He defined dirt as matter out of place.

In closing he paid a very pleasing tribute to woman. He said that every movement for the betterment of the world came from woman and what she did not want was not worth having. He said that the women generally started things and the men followed and were usually glad that they did so.

Dr. Lumsden's speech was full of wit and pithy sayings and he held his audience in a remarkable manner. All present were greatly pleased with him.

Dr. J. S. McCormack, previously mentioned, was the next speaker of the afternoon. He gave some very interesting facts concerning health work, telling some of his many experiences in 38 years of connection with the work in the State of Kentucky. He said that Mason county was to be congratulated on having two such women as Miss Annie M. Casey and Miss Jessie O. Yancey, who started the campaign for the Sanitary Survey. His speech was very interesting.

Dr. J. S. Locke, who will be at the head of the work, also made a short talk.

The last speaker of the afternoon was Dr. A. P. Lewis, of Cincinnati, member of the American Red Cross, who was present in Maysville to organize a chapter in this city. Dr. Lewis first told of the Red Cross work and the many benefits of that organization, one of the most powerful in the world, could give to the soldiers in camps and trenches. He said that almost everyone before him would be in some way vitally affected by this war, but that we must fight for the right or fall miserably. "This," he said, "is a war to decide between democracy and autocracy, to decide whether or not people will be free or only partly free."

Mayor Lee then introduced the members of the party of doctors who will be present in Mason county to carry on the work during the next several months. There are five of them, Drs. Townsend, Sharp, Minard, Bote and Haralson. They have recently been engaged in work in Texas, coming di-

rect to Maysville from the Lone Star State.

At the Woman's Club building on Friday afternoon at 4 o'clock a meeting will be held to finish organization of a Red Cross Chapter in Mason county. Already a large number have pledged themselves to join the chapter. At this meeting the directors will be elected and other plans carried out.

BUY A LIBERTY WAR BOND

Everybody can buy one of the bonds which will be issued by the United States government to raise funds to carry on the war which our country is preparing to wage for human rights and human liberty.

The first issue of these bonds will amount to two billions of dollars. They will bear interest at the rate of three and half per cent. per annum, payable semi-annually the first of January and the first of July. These bonds will not be subject to local, State or Federal taxes of any nature, and thus will be more desirable than a four per cent. investment on which taxes are imposed.

It is probable that these bonds will be issued in denominations to suit small investors. Very likely, "baby bonds," as they are termed, as small as \$20, will be issued, and everybody can participate in the patriotic duty of "doing a bit" to help to finance the war.

Anybody who can start a bank account and put aside a small amount weekly can buy of these war bonds. Your banker will buy the bond for you and carry it until your savings equal the value of the security, provided of course you pay the small interest on the balance due on the bond.

The great probability is that there will be a rush for these bonds. The resources of this powerful Nation are back of them, and if other loans are called for at a higher rate of interest, these are convertible into the bonds carrying the higher rate of interest.

LINCOLN REPLACES NICHOLAS

There is a proud pedestal in a public square of Petrograd that used to bear a statue of Emperor Nicholas. That statue was taken down and cast away on the day when the Russian people arose and threw off the yoke of the Romanoffs. It is bare and meaningless now, like the big throne on which the last, degenerate scion of the ancient Romanoff dynasty used to sit in state.

But it is not to be vacant long. A group of Americans have bought a statue of Abraham Lincoln and presented it to the Russian republic, and the figure of the great, gaunt Emancipator will soon look down from the pny czar's pedestal.

Abe Lincoln in the czar's place! It seems incredible. But it's just where Lincoln belongs. The great democrat crowds out the great autocrat. It's symbol of the time we live in.

And homely old Abe will be quite at home on that marble pedestal in the Russian capital. His sad, furrowed face and wrinkled garb will suit the scene better than aristocratic lineaments and royal droppings. The spirit of democracy, which is the spirit of rock-bottom humanity, is the same everywhere and the Russian masses will see in Lincoln one of their own kind.

Another reason why the cost of living was lower in the good old times was because the grocery store was more of a loafing place than a boarding place.

We all realize the delights of anticipation, but don't tell your troubles before they happen.

MANY WORKMEN ARE CLAIMED BY TUBERCULOSIS

Washington, D. C.—Tuberculosis causes about 20.5 per cent of the deaths of male industrial workers and about 14.4 per cent of the deaths of female workers, according to mortality figures made public by the bureau of labor statistics.

The report, based upon the 94,269 deaths of male and the 102,467 deaths of female industrial policy holders of the Metropolitan Life Insurance Company, shows the average age of men dying from tuberculosis was 37.1 years and women 34.1.

T. B. Gets 25 Per Cent.

Of the total deaths among clerks, bookkeepers and office assistants, 25 per cent were from tuberculosis. Among printers, steamfitters, longshoremen, teamsters, chauffeurs, bartenders and machinists more than 25 per cent of deaths are shown by the report to be from tuberculosis causes.

The figures further show: Organic diseases of the heart cause the largest number of deaths among farmers and farm laborers.

Accidental violence, responsible for the largest number of deaths among railway trainmen and engineers, track and yard laborers and coal miners.

Heart Troubles Women

Among women organic diseases of the heart caused the largest number of deaths of housewives and housekeepers.

Of the deaths among textile workers 35.5 per cent are caused by tuberculosis. The highest average age at death among farmers and farm laborers, 58.5 years.

The lowest average age at death is among bookkeepers and office assistants, 26.5.

Bakers Often Suicides

Where the industrial workers are exposed to colds, drafts and dampness, as among bricklayers, or violent changes of temperature, as among teamsters and chauffeurs, respiratory diseases are prominent.

Suicide is frequent where depressing influences are present, as among bakers and cigarmakers.

Where questionable water supplies are used, as among engineers, farmers, and laborers, typhoid fever is high.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.

WILSON SHOWS WHERE U. S. STANDS IN WAR TO HEFLIN

Washington, May 22—No nation that respected itself or the rights of humanity could longer have borne the overwhelming wrongs that Germany inflicted upon the United States, President Wilson declared in a letter restating the reasons for the nation's entrance into the war, written to Representative Hefflin, Alabama, and made public today at the White House.

Mr. Hefflin had written to the President saying some of his recent utterances on the war had caused confusion over the issues with Germany. In restating his position, the President again made it clear that the United States had no quarrel with the German people but with the autocracy, which acts upon purposes to which the German people have never consented.

COTTON MANUFACTURERS ADDRESS BY BALFOUR

Washington, May 22—American cotton manufacturers addressed here today to appoint a war committee to see that all cotton sent for the government, was addressed by Foreign Secretary Balfour, head of the British war mission, who told them that adhesion of the United States to the allied cause made it absolutely certain that militaries would not be able to cast all nations of the earth into the same mold.

Mr. Balfour, introduced by Secretary Daniels, was given an enthusiastic welcome.

The manufacturers, those from the South, representing the American Association of Cotton Manufacturers, and those from the North, National Association of Cotton Manufacturers, appointed a committee, which co-operating through the Council of National Defense, will undertake to see that all cotton used for the government is promptly and economically supplied.

ATHLETICS AID NATIONAL DEFENSE, SAYS PRESIDENT

Washington, May 22—Wholesale abandonment of college and school athletic sports during the war is not advisable, President Wilson believes, not because of their value to divert the American people but because they contribute to national defense. In a letter to Lawrence Perry, of the New York Evening Post, made public today, the President said:

"I entirely agree with the conclusion contained in your letter of May 15. I would be sincerely sorry to see the men and boys in our colleges and schools give up their athletic sports and I hope most sincerely that the normal course of college sports will be continued as far as possible, not to afford a diversion to the American people in the days to come when we shall no doubt have our share of mental depression, but as a real contribution to the national defense because our young men must be made physically fit in order that they may

HOUSE ADOPTS MAIL INCREASE FOR WAR TAX

Washington, May 22—Sitting until after midnight the House tonight virtually completed consideration of the \$1,800,000,000 war revenue bill by adopting, 198 to 71, a new proposal from the Ways and Means Committee for increasing second class mail rates under a zone system.

A few unfinished sections including the proposed tax on advertising will be voted on tomorrow before final passage of the bill. Redrafting of the bill in the Senate is expected and the measure as it ultimately goes to the President will be perfected in conference.

Attention centered throughout the evening upon the proposed advance in second class mail rates, against which Republican Leader Mann and others waged a vigorous fight. As a substitute for the original section in the bill the Ways and Means Committee in the afternoon had brought in a new plan for progressive increases based upon the present parcel post zones under which the highest rates ultimately would be six cents a pound. Nearly all of the contested sections had been completed when the second class mail proposal was taken up under an agreement that it should be debated three hours. The tariff section adding three per cent to all duties now imposed and taxing nearly all articles now on the free list ten per cent, was retained after Representative Lenroot, of Wisconsin, had striven unsuccessfully to eliminate the increase on sugar.

An amendment was written into the clause in the postal section adding one cent to all first class mail charges to provide that the rate on letters for local delivery remain at two cents.

AUSTRIA PLANS GENEROUS PEACE OFFER TO RUSSIA

Amsterdam, via London, May 22, 9:44 p. m.—It is the Austria Emperor's idea to offer very generous peace conditions to Russia, according to a German correspondent of the T. J. D. These will include the integral re-establishment of Poland free passage through the Dardanelles and even a loan to Russia. These proposals were discussed at a recent meeting between Count Czernin, the Austro-Hungarian foreign minister, and Dr. Von Bethmann-Hollweg, temporary German chancellor at headquarters.

NEW PICTURE TELLS STORY OF A WOMAN'S DECEPTION

How a girl rises from life in the slums of London to one of the highest places in England society, then falls suddenly, when the deception by which she had climbed is disclosed, is told in Theda Bara's new subject for William Fox, "Her Double Life."

Miss Bara takes the part of Mary Doone, the tenebrous child who makes her home in The Refuge, a parish house at which Elliot Clifford (A. H. Van Burden) is pastor. When the call comes for war nurses, Mary answers.

At the front she met Lloyd Stanley (Stuart Holmes), a war correspondent whom she had known in London. She is saved from dishonor at Stanley's hands, by the bombardment of the hospital tent. After the attack, Mary finds the body of a young girl in the tent. It is Ethel Wardley (Madeleine

Le Nard), a niece of Lady Clifford's who is on her way to make her home with the nunt she has never seen.

Mary changes clothes with Ethel, takes the girl's papers and luggage, and goes to Lady Clifford's. She is received as the niece. The aunt (Lucia Moore) loves the girl, and Elliot, the son, soon falls in love with her himself.

Then Stanley returns to England. He brings with him Ethel Wardley, who has recovered from the wounds on the battle line. They go together to the Cliffords, and are about to disclose the truth about Mary, when the poor girl confesses.

She sees then that further life with the Cliffords is impossible, although Lady Clifford loves her so much that she wants her to stay. But Mary returns to The Refuge, to work out her salvation among the little children.

A PAGEANT OF HISTORY

The pupils of the Washington Consolidated School will present on Thursday evening at 7:30 an entertainment well worth witnessing. It is a pageant which presents the history of the nation from the coming of

the cross to the present day. The teachers have labored faithfully to make this historic entertainment a success. It is the first thing of this nature ever presented in the community and it is to be hoped that the public will show its interest by a large and appreciative audience.

UPLIFT OF MANKIND, GERMAN PLAN, WITH BETTER, PURER IDEAL

The Hague, May 22—According to a copy of the German newspaper Kreuzzeitung, of Berlin, just received here, the Germans are going to rewrite the Bible. The article says:

"If any further proof were needed of the immeasurable superiority of the Germans, intellectually and morally, over the rest of mankind, it is to be found in the mental attitude of our people toward the Bible as compared with that of other nations."

"The English regard that book as their most valuable commercial asset, and use it mainly as a form of barter with savage tribes for their good will, their assistance, and the supply of their natural products, and in England itself it is exploited solely in the propagation of that spirit of hypocrisy which has stood the British in such good stead for ages to hoodwink and despoil other races."

"It must be one of our first tasks on the conclusion of this war, when Germany shall arise out of it renewed in power and vitality like another phoenix, to set a board of qualified experts to work to produce, not only for our own benefit, but also for the moral uplifting of mankind, a new, more glorious, a purer, Bible, in strict with the German spirit of Kultur and morality."

MAXIM CLAIMS DEVICE TO THWART TORPEDOES

New York, May 22—Hudson Maxim announced today that he had invented and perfected a device which will make ships immune from the danger of the submarine. He said that torpedoes, even where fired at close range and striking their targets would explode harmlessly against the hull of their intended victims.

The inventor made the announcement at a luncheon given in Brooklyn. He asserted that the invention soon will be demonstrated by the government, which already had been advised of the details.

"The invention is practical for every type of vessel," he said, "it can be applied within a few months at a comparatively cheap price to the hulls of ships already constructed. The only change necessary in vessels already built will be a slight enlargement in their beams. My device is of solid material, and encircles the entire ship from the bow to the stern. It in no sense or manner resembles either a screen or net."

THAT BACKACHE SPELLS DANGER!

Action Today May Save Maysville People Future Misery.

A bad back isn't a bad thing if it serves as warning of hidden kidney disorders. Kidney diseases are frightfully common today. We over-do so much. We don't give the kidneys a chance to rest up, and while a bad back, some bladder disorder, an occasional dizzy spell or a persistent headache may be the only outward sign, the kidney trouble that is behind it all may be overlooked or neglected. Put your signs to use. Take them as warnings. Fight off kidney weakness. It takes only a slight kidney disorder to start a case of fatal Bright's disease, from which 100,000 people die in the United States every year. Prompt treatment at first—that's all that's necessary to keep kidney weakness from turning into gravel, dropsy, gout, neuralgia or Bright's. Use Doan's Kidney Pills—the oldest, the most widely used, the best-recommended kidney pills. Forty thousand Americans recommend them publicly. Here's one Maysville case:

Mrs. John Burns, W. Second St., Maysville, says: "I was subject to severe spells of backache and other kidney trouble. They would come on every three or six months and there were times when I was confined to bed and rendered helpless. The quick and decided benefit I received from Doan's Kidney Pills was wonderful. I have never had such severe attacks since." (Statement given February 13, 1914.)

NO TROUBLE SINCE
On November 15, 1916, Mrs. Burns said: "I have the same good words of praise for Doan's Kidney Pills today, as ever. I have not needed a kidney medicine since I took them." Mrs. Burns is only one of many Maysville people who have gratefully understood Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Burns has twice publicly recommended—the remedy backed by home testimony. BERLIN MAY BOW TO SPAIN

Amsterdam (via London), May 21—According to a Berlin dispatch the German Under Secretary for Foreign Affairs told a Spanish newspaperman that Germany's reply to Spain's note on the sinking of the Spanish steamer Patriote was handed to the Spanish Ambassador Saturday.

The character of the reply was intimated by the Under Secretary in declaring that Germany was actuated by a desire for the friendliest feelings to exist between Germany and Spain.

The official said the sinking of Spanish ships should be blamed on England because that country had delayed the departure of the vessels from English ports. He said Germany wished Spain to be strong and was prepared to encourage her development after the war by every possible means.

INCENDIARISM SUSPECTED IN MINNESOTA FOREST FIRES

St. Paul, May 21—Investigation of reports that forest fires still burning in northern Minnesota were of incendiary origin was started today by the state forestry department. More than 1,000 townships have been burned over and 40,000,000 feet of pine and spruce worth \$250,000 destroyed, according to reports received by W. T. Cox, state forester. Fanned by strong winds the fires still are spreading, these reports said.

T. S. RAIL EXPERTS TO BUILD FRENCH LINES

Washington, May 22—Samuel M. Felton, president of the Chicago Great Western, has been selected to take charge of arrangements for sending the regiments of American railroad men to France.

Mr. Felton was some time ago appointed by the Council of National Defense as adviser to the Chief of Army engineers in relation to railroad affairs. As such, it was said here today, he would be in charge of arrangements for sending the American railroad men. It is not understood here that Mr. Felton will necessarily accompany the forces.

The plan is to send 10,000 skilled men to operate and maintain the French roads behind the lines. They need reconstruction and expert operation for which the French military forces can not spare their own men.

CLUB OWNERS TO DECIDE ON PRESIDENT HICKEY'S ACTION

Chicago, May 22—Club owners of the American Association will meet here Saturday to approve or reject President Hickey's action in calling off the inter-sectional series with the International League. The meeting was called by President Hickey, tonight, after he apparently had failed to adjust the situation in informal conferences with some of the club owners.

McADOO TO MAKE SECOND TOUR FOR LIBERTY LOAN

Denver, Col., May 22—William A. McAdoo, Secretary of the Treasury, announced here today his intention to make a second speaking trip in behalf of the Liberty Loan. This journey will take him to New York, Boston, Detroit, St. Louis, Cincinnati, Pittsburgh and Harrisburg, Pa. He will leave Washington June 4.

"Because of the patriotic response of the people of the cities I have already visited and the interest they have displayed in the Liberty Loan," Secretary McAdoo announced on his arrival here, "I am convinced I should go to other cities and explain the situation."

FOR CITY CLERK

We are in receipt of the following communication from Mr. Fred Arn, authorizing the Ledger to announce his candidacy for the office of City Clerk. We would ask that all our patrons read the statement. Mr. Arn is President of the Maysville Tea, Coffee and Spice Co., one of the city's active concerns. He is a young man of splendid habits—attentive to his business and abundantly qualified to discharge the duties of the office he seeks. He has a great many friends who will rally to his support.

The Public Ledger.
Gentlemen: Will you kindly announce in the Thursday issue of your paper that I am a candidate for the office of City Clerk of the City of Maysville, subject to the action of the voters at the November election. The probability of my success in the election of this important office has been suggested to me many times by many of my friends, in the past few weeks, but until I looked into the matter, and found beyond all doubt that I was thoroughly qualified to fill the position, in case I was so honored, I refused to commit myself, but now as I am confident I can give the service, this office rightfully deserves, I enter the race, feeling that I can give the taxpayers of Maysville value received. If elected I promise to take an active part in the establishment of an efficient city government, so far as the authority of the office reaches. I love hard work, and loathe a loafer, have a fair education, and have visited perhaps more cities and public institutions in the United States, Canada and Mexico than any man near my age in the city. I have many friends, and no enemies, and I am going to win this race on a platform with only one plank, and that plank is service. I will appreciate the support given me after the election as well as before. My opponents are all good men, and I hope that we run a close race because I love keen competition.

Yours most respectfully,
FRED ARN.

Farm For Sale

As executor of Mrs. Mary Eliza Caldwell, deceased, on

THURSDAY, JUNE 7, 1917,

at 2 p. m. on the premises, I will sell at public auction the farm owned by her at her death, known as the John L. Caldwell farm, now in possession of Harry Burke as tenant under a term to expire March 1, 1918. This farm is located about two miles West of Maysville, on the dirt road leading from Maysville and Sardis Turnpike to what is known as the Raymond Pike. It adjoins the lands of Mrs. Mattie Raymond, J. D. Peed's heirs, Mrs. R. P. Hopper, Mrs. Susan W. Rees and Mrs. Styles and contains about 200 acres. It has on it a large tobacco barn, small cabin, stable and other outbuildings. The principal residence was recently burned down.

Full possession will be given on March 1, 1918, as it is already rented until then. The purchaser will be given privilege of seedling during the coming fall.

TERMS OF SALE—One third cash, balance in two equal payments due in one and two years with interest from day of sale at the rate of six per cent per annum payable annually, with privilege to the purchaser of paying all or any more than one-third in cash.

J. F. BARBOUR, Executor of Mrs. Mary Eliza Caldwell, Deceased.

ITALY TO BE NAMED

Lexington, Ky., May 22—The expectation in political circles here tonight is that before the end of this week General Percy Italy's name will go before the United States Senate for confirmation as successor to Ben Marshall in the office of Collector of Internal Revenue for the Seventh District.

This statement was made by several well-posted politicians after General Italy's conference here tonight with Dr. and Mrs. E. P. Fetter, John E. Stewart, W. S. Dudley and a number of others who are interested in coal properties which General Italy has been representing.

It is further rumored that Earl Webb, of Grayson, is to be the new Collector's Chief Deputy. General Italy tonight declined to make any statement other than that he is not an applicant for the collectorship. Collector Marshall has abandoned hope that he may continue in the office.

THE HONOR ROLL

The following are the Maysville boys who joined Uncle Sam's fighting forces yesterday:

Mr. Shelby Kellum of Prospect street, this city, joined the First Kentucky Regiment of the United States Army at Louisville, on Monday.

Summer Goods Now Here

PREPARE TO ENJOY THE SEASON

Most attractive Voles and Wash Goods we have ever had, bought before the advance and offered to you at old prices.

Gingham, Percales, Devonshires, Sport Shirts and Skirtings, White Goods of many kinds, pretty styles, reasonable prices.

The Silk Sale has been a great success, short lengths of Silks, Satins, Chiffons, etc., at about half price, enough for skirt, waist, sleeves, trimmings, bargains that you cannot afford to miss.

Hosiery, Gloves, Ribbons, Laces, Trimmings. Largest stock in the city.
Newest Neckwear, Hosiery, etc.

Our Housefurnishing Department is very complete, Curtains, Curtain Goods, Linoleums, Tings, Shades, etc. You can save in this department as goods were bought early at little or no advance in price.

June Designer, Summer Quarterly and Fashion Sheets are here.

Chiropactic
Adjustments Restore Health Quickly and Permanently

Nature is the Chiropactor's only aid—adjustments release the pressure from the nerves and make the way free for Nature to do her part in sending mental impulses through them to make and keep the body well.

"WIFE WANTED"

"She must be at least thirty-five years of age, weigh 110 pounds; don't have to be good looking at all. Here's your chance, ladies."

The above add was taken from a New York matrimonial paper, whose address will be given upon request. Ladies buy yourself a CAMERA from "De Nuzie" and prepare to answer this add. This fellow wishes a picture of every lady who answers, so get busy and bring your films to us to be finished and you can be sure that we will make you as good looking in the pictures as possible. We have an expert finisher, who is always on the job. Our prices are cheaper and we give much better work than others. Films bought of us developed FREE. Others charge 10c and 15c per roll. We have cameras from \$2.00 to \$40.00 a piece. We can suit your pocket book. Come in and take a look; it's free.

Mr. Christman is back on the job, and will take care of your work in the proper way. Always send your work to
